### Company Information

DualSight is a veteran-led strategy and advisory firm specializing in government and defense engagements. We operate as an embedded partner, helping organizations navigate mission requirements, acquisition systems, and decision processes to move objectives forward with clarity and control. We focus on practical execution and decision support that holds up inside complex federal environments.

UEI	F7THX4WJ1A56
CAGE Code	17NB1
DUNS #	14-012-7864
VA Entity ID	11875962
eVA ID	SUP342747

### Core Competencies

<b>Strategic Advisory &amp; Engagement</b> Aligning mission demand with decision authority and execution.	<b>Federal Go-to-Market Advisory</b> Positioning capabilities for success within federal acquisition systems.	<b>Business Development &amp; Capture</b> Converting qualified demand into funded, awarded federal work.
<b>Decision Intelligence &amp; Analysis</b> Improving decisions across policy, budget, and capability tradeoffs.	<b>Capacity Building &amp; Enablement</b> Establishing durable operating capability for sustained execution.	<b>Project &amp; Specialized Consulting</b> Focused execution for time-critical, high-consequence objectives.

### Differentiators

- ❖ Veteran-led team with federal and military experience.
- ❖ Deep government and defense networks enabling access.
- ❖ Embedded support model aligned to client objectives.
- ❖ Structured approach enabling repeatable, scalable operations.
- ❖ Experience spanning policy, programs, and technology integration.
- ❖ Trusted across government, industry, and partner ecosystems.

### Socioeconomic Status

- ❖ VSOB: Veteran-Owned Small Business
- ❖ SDVOSB: Service-Disabled Veteran-Owned Small Business

### Primary Customers / Target Agencies

- ❖ **Technology Companies:** Commercial and venture-backed firms evaluating or entering government and national security markets.
- ❖ **Defense & Dual-Use Companies:** Firms in government markets seeking program alignment, capture support, and scalable growth.
- ❖ **Department of War:** Mission owners and program offices shaping requirements, capability adoption, and operational outcomes.
- ❖ **Federal Civilian Agencies:** Departments pursuing technology-enabled mission execution and modernization initiatives.
- ❖ **Defense Primes & Congressional Stakeholders:** Prime contractors and budget stakeholders influencing acquisition, funding, and program sustainment.

### Past Performance

- ❖ Supported federal capture for defense technology programs.
- ❖ Translated sensor and platform capabilities into operational use.
- ❖ Delivered decision support across policy, budget, and acquisition.
- ❖ Supported capability alignment for congressional plus-ups.
- ❖ Developed go-to-market strategies aligned with federal buyers.
- ❖ Built operational processes enabling sustained program execution.
